Andy Samberg's doing it.

Yeah, we're talking Yo Gabba Gabba!, the crazy kids' show featuring DJ Lance Rock and a bunch of colorful creatures. Besides the Saturday Night Live funnyguy, the show has featured appearances by [Jack Black](#), [Elijah Wood](#) and Sugarland, and the new season, which starts Monday, will also feature MGMT, the Roots and more.

To kick off the season, check out this exclusive clip of pop icons Apples in Stereo doing the song "That's My Family." And if you're really feeling it, you can always check out the show as it goes on a [live tour](#) beginning in November.
