Weezer Bugs Out

We were there when the band taped a goofy appearance on popular Nick Jr. show Yo Gabba Gabba! —NICOLE SPERLING

Weezer recently dropped by trippy kids' program *Yo Gabba Gabba!* to perform a tune called "All My Friends Are Insects" while dressed up as their favorite critters. (The episode will air next year.) "I feel totally at home here," frontman Rivers Cuomo told EW between takes. "It was superfun. I want to add the song to our set."
