## **Yo Gabba Gabba!**

**(Nickelodeon, 1:30pm)**

Jack Black apparently left home without his GPS because he gets lost in Gabbaland while out for a ride on his minibike. Naturally, he's scared at first in this strange land, but Jack's boisterous personality soon emerges, allowing him to fit right in with the colorful Gabba gang and become fast friends with them all. Soon he's singing and teaching his new pals a dance called the Disco Roll before he rolls out of town and heads home.
